Take a load off your mind, protect the one in your trailer.

Down River® offers the products, services, and experience necessary to design a load-securement system specifically for your needs.

Configure your solution.

Work with your Down River® Load Securement Specialist to determine which products suit your needs best. If our products don’t meet your exact needs, our engineers can custom-design a solution for you. We have facilities and load-securement experts strategically located across North America, so we’re never far away.

No one offers a more complete line.

<thead>
<tr>
<th>PRODUCT</th>
<th>IMAGE</th>
<th>DESCRIPTION</th>
<th>MODE</th>
</tr>
</thead>
<tbody>
<tr>
<td>G-Force® Drop-Down Void Fillers</td>
<td></td>
<td>Excellent lateral void fillers for center or sidewall voids. Ship and store knocked down, saving cost and space.</td>
<td></td>
</tr>
<tr>
<td>G-Force Fan-Fold Void Fillers</td>
<td></td>
<td>Side fillers for products loaded away from walls. Ship and store knocked down.</td>
<td></td>
</tr>
<tr>
<td>G-Force Air Bags</td>
<td></td>
<td>Brace your load, creating a bulkhead for very strong and effective load restraint. Available in vinyl, level 1-5 paper (2-8 ply), and levels 3-5 polywoven.</td>
<td></td>
</tr>
<tr>
<td>G-Force Honeycomb Panels</td>
<td></td>
<td>Use to fill lengthwise voids, pallet underhangs, or with Air Bags. Retrain loads from shifting due to lengthwise impacts.</td>
<td></td>
</tr>
<tr>
<td>G-Force M-Type Space Fillers</td>
<td></td>
<td>Fill large, lengthwise void space in the forward part of OTR trailers for correct weight distribution.</td>
<td></td>
</tr>
<tr>
<td>G-Force Dual-Drop Void Fillers</td>
<td></td>
<td>Use to brace center-loaded units for correct axle weights. Ship and store knocked down, saving cost and space.</td>
<td></td>
</tr>
<tr>
<td>G-Force Box-Style Void Fillers</td>
<td></td>
<td>Use in center voids to prevent lateral shift. Good for bracing non-rectangular units, such as boxes, pails, bulkbags, etc. Feature closed sides for easy use in uneven loads.</td>
<td></td>
</tr>
<tr>
<td>G-Force Ty-Gard 2000® Fabric Load Restraint</td>
<td></td>
<td>Extremely efficient. Each roll contains enough material for up to seven shipments. Also approved for use with hazardous material and in intermodal loads.</td>
<td></td>
</tr>
<tr>
<td>G-Force Filler-Blocks</td>
<td></td>
<td>Filler-Blocks fill the cubic space of a pallet load of your product without the weight. Used to increase shipping capacity beyond blocks of 4 pallet loads in boxcars and to spread weight distribution in intermodal loads.</td>
<td></td>
</tr>

Why protecting products in trailers is important.

When it comes to properly securing cargo, there are no second chances. Slack action, impacts, and load shifts during transit can result in more than just damaged product.

- Customer dissatisfaction
- Rejected loads
- Added costs for having to replace, salvage, or dispose of product
- Possible customer penalties and fines
- Risk of employee injury
- Lost sales

Intermodal and over-the-road trailers present their own set of unique challenges for shippers. Our Down River® Load Securement Specialists have the products, experience, and knowledge to design a load-securement system for your specific needs.

Selected load patterns for unitized goods in intermodal and over-the-road trailers.

G-Force Load Securement Innovations offer:

- Engineered solutions to help reduce in-transit damage.
- On-site load-securement evaluations.
- Easy-to-install, standard and custom-designed products.
- Materials that are reusable, recyclable, and environmentally friendly.
- Employee training and continuing education available by G-Force Specialists.

Intermodal: Get your products to your customers in their original condition.

- G-Force Air Bags
- G-Force Drop-Down Void Fillers
- G-Force Honeycomb Panels
- G-Force Box-Style Void Fillers
- G-Force Filler-Blocks

Over-the-Road Trailers: Ensure correct weight distribution while protecting your products from shift and damage in transit.

- G-Force Air Bags
- G-Force Drop-Down Void Fillers
- G-Force Honeycomb Panels
- G-Force M-Type Space Fillers
- G-Force Wood-Kor® Bulkhead Panels

Unitized Goods in Intermodal and Over-the-Road Trailers

Blind Curves | Inclement Weather | 6% Grade | Railroad Tracks | Potholes | Coupling | Dangerous Intersections | Unexpected Debris | Shifting Loads | Black Ice
